

Member Success Program

For all BNI Members

**** Attendance is required within your first 60 days of membership. ****

The Member Success Program is for new and seasoned members to learn how to get the most from their BNI membership. [2 CEU's!](#)

At the Member Success Program you will learn:

- Actions you can take to get more referrals quicker
- How to craft an effective Weekly Presentation
- The do's and don'ts for your Feature Presentation
- The difference between a good referral and a bad referral
- The top ten things it used to take members months to learn

What members are saying...

"I think the BNI training I have attended is on par with much of what I experienced during my 36 years working with IBM. It is relevant and worthwhile. I feel my time was well spent. For the fee, there is no better business education anywhere."

Steve Stanton – Leelanau Computer Repair – Suttons Bay

"BNI training is world class. It has helped me to become a better BNI member, but also helped me in all areas of business and some areas of personal development."

Linda Maginity – The Bottom Line Bookkeeping – Traverse City
